EDI NORMATIVES

VDA

Error	Action
The receiver VDA plant XXXXX, has no relation with any Antolin Plant: XXX	Check the correct 'AS2-ID' and 'Plant Code' in the GA Communications Form
Wrong Unloading Point: XXX	Use 'Plant Code' (in the GA Communications Form) or type 'ALM'
'XX' is not part of the code list of field MENGENEINHEIT_1	Check the allowed units of measure. More information in document GA VDA 4913 , 'Record Type': <u>714</u> and 'Field': <u>07</u>
Total quantity incorrect - expected XXXXXX, but found XXXXXXXXXXXX	Quantity informed in the 'Record Type': <u>714</u> and 'Field': <u>06</u> must be consistent with that reported in the 'Record Type': <u>715</u> and 'Field': <u>07</u> . More information in document GA VDA 4913
Label number: XXXXXXXXX informed more than one time, but not marked as mixed package type 'G' at 715_13	Check the correct label indicator for the package. More information in document GA VDA 4913 , 'Record Type': <u>715</u> and 'Field': <u>13</u>
715_13 should be empty	Check packaging serial number indicator. 'Record Type': <u>715</u> and 'Field': <u>13</u> . More information in document GA VDA 4913
If 715_13 is empty, then 715_08 should be empty also	Check packaging serial number and label indicator. 'Record Type': <u>715</u> and 'Fields': <u>08 /13</u> . More information in document GA VDA 4913

EDIFACT

Error	Action
45 - Trailing separator	Check the trailing separator: 1) The last character before the segment terminator is a data element separator, a component data element separator, or a repeating data element separator, or 2) The last character before a data element separator is a component data element separator or a repeating data element separator.
UNH+1+DESADV:D97:A:UN '97A' is not part of the code list of field _0054	Check the Remarks/Value admitted. 'Tag': <u>0054</u> and 'Field name': <u>Message Type Release Number</u> . More information in document GA DESADV D96A
DTM+137 must be exist for every DESADV message	Mandatory segment. More information in document GA DESADV D96A , 'Tag': <u>2005</u> and 'Field name': <u>Date/Time/Period Qualifier</u>
NAD+BY must be exist for every DESADV message	Mandatory segment. More information in document GA DESADV D96A , 'Tag': <u>3035</u> and 'Field name': <u>Party Qualifier</u>
NAD+CN must be exist for every DESADV message	Mandatory segment. More information in document GA DESADV D96A , 'Tag': <u>3035</u> and 'Field name': <u>Party Qualifier</u>
NAD+SE must be exist for every DESADV message	Mandatory segment. More information in document GA DESADV D96A , 'Tag': <u>3035</u> and 'Field name': <u>Party Qualifier</u>
NAD+CZ+::10 _3039 ("Party id. identification") was expected at least once but did not appear	Mandatory value. 'Tag': <u>3039</u> and 'Field name': <u>Party Identification</u> . More information in document GA DESADV D96A
NAD+MI+XXXXXXXXXX::16 'XX' is not part of the code list of field _3035	Select the correct Party Qualifier. 'Tag': <u>3035</u> and 'Field name': <u>Party Qualifier</u> . More information in document GA DESADV D96A
LOC segment is need after NAD+CN	Mandatory segment if NAD+CN is informed. More information in document GA DESADV D96A

<p>LOC+XX</p>	<p>Always use LOC+11. 'Tag': 3225 and 'Field name': Location Qualifier (Place of Discharge). More information in document GA DESADV D96A</p>
<p>LOC+11</p> <p>C517 ("LOCATION IDENTIFICATION") was expected at least once but did not appear</p>	<p>Mandatory value. 'Tag': C517 and 'Field name': Location Identification. More information in document GA DESADV D96A</p>
<p>The Receiver: XXXXXXXXXXXXXXXX, has no relation with any Antolin Plant: XXX</p>	<p>The 'Tag': 0010 and 'Field name': Recipient Identification in the UNB segment must match with 'Tag': 3225 and 'Field name': Location of the LOC segment.</p> <p>Use 'Mailbox' and 'Plant Code' (in the GA Communications Form)</p>
<p>Total quantity incorrect - expected XXXXX, but found XXXXX</p>	<p>Quantity informed per pack (QTY+52) 'Tag': 6063 and 'Field name': Quantity Qualifier must match with 'Despatch Quantity' (QTY+12 = QTY+52 x n° GIR segments). More information in document GA DESADV D96A</p>
<p>QTY+XX:XXX:XXX</p> <p>'XX' is not part of the code list of field _6063</p>	<p>Check the quantity qualifier. 'Tag': 6063 and 'Field name': Quantity Qualifier</p> <p>More information in document GA DESADV D96A</p>
<p>QTY+52::XXX</p> <p>_6060 ("Quantity") was expected at least once but did not appear</p>	<p>Inform the quantity per pack. 'Tag': 6060 and 'Field name': Quantity</p> <p>More information in document GA DESADV D96A</p>
<p>QTY+52:XXX:</p> <p>_6411 ("Measure unit qualifier") was expected at least once but did not appear</p>	<p>Inform the measure unit. 'Tag': 6411 and 'Field name': Measure Unit Qualifier</p> <p>More information in document GA DESADV D96A</p>
<p>RFF+ON</p> <p>(_1154 ("Reference number") was expected at least once but did not appear</p>	<p>Mandatory value. 'Tag': 1153 and 'Field name': Reference Qualifier (Order Number). More information in document GA DESADV D96A</p>

<p>RFF+XX:XXXXXXXX</p> <p>'XX' is not part of the code list of field _1153</p>	<p>Check the Remarks/Value admitted. 'Tag': 1153 and 'Field name': Reference Qualifier. More information in document GA DESADV D96A</p>
<p>RFF+ADE</p> <p>(_1154 ("Reference number") was expected at least once but did not appear</p>	<p>If Antolin supplier code is not informed in NAD+SE, RFF+ADE must be included. More information in document GA DESADV D96A</p>
<p>RFF ("REFERENCE") was expected at least once but did not appear</p>	<p>Mandatory value. 'Tag': C506 and 'Field name': Reference. More information in document GA DESADV D96A</p>
<p>PCI</p> <p>'XX' is not part of the code list of field _4233</p>	<p>Check the Remarks / Value. 'Tag': 4233 and 'Field name': Marking Instructions, coded. More information in document GA DESADV D96A</p>
<p>Label number: XXXXXX informed more than one time, but not marked as mixed package type 'G' at PCI:7511.</p>	<p>Check the correct label indicator for the package. More information in document GA DESADV D96A, 'Tag': 7511 and 'Field': Type of marking, coded</p>
<p>Packaging segments filled, SG11.PAC, SG11.QTY+52, SG13.PCI+17, SG13.RFF+AAT are mandatory</p>	<p>Mandatory segments for packaging. Check SG11/SG13 group segments. More information in document GA DESADV D96A</p>
<p>PAC+1++::92</p> <p>_7065 ("Type of packages identification") was expected at least once but did not appear</p>	<p>Mandatory value. 'Tag': 7065 and 'Field name': Type of Packages Identification. More information in document GA DESADV D96A</p>
<p>PAC+???++::92</p> <p>7224 ("Number of packages") was expected at least once but did not appear</p>	<p>Mandatory value. 'Tag': 7224 and 'Field name': Number of Packages. More information in document GA DESADV D96A</p>
<p>PAC+13</p> <p>C202 ("PACKAGE TYPE") was expected at least once but did not appear</p>	<p>Mandatory value. 'Tag': C202 and 'Field name': Package Type. More information in document GA DESADV D96A</p>
<p>MEA+AAX+AAL+XXX:XXX</p> <p>'AAL' is not part of the code list of field _6313</p>	<p>Check the Remarks/Value admitted. 'Tag': 6313 and 'Field name': Measurement Dimension Code. More information in document GA DESADV D96A</p>

<p>GIR+3+:ML</p> <p>_7402 ("Identity number") was expected at least once but did not appear</p>	<p>Mandatory value. 'Tag': <u>7402</u> and 'Field name': <u>Identity Number</u>. More information in document GA DESADV D96A</p>
<p>GIR+3+1111111:XX</p> <p>'XX' is not part of the code list of field _7405</p>	<p>Check values admitted. 'Tag': <u>7405</u> and 'Field name': <u>Identity Number Qualifier</u>. More information in document GA DESADV D96A</p>
<p>GIR ("RELATED IDENTIFICATION NUMBERS") was expected at most 99 times but appeared 100 times</p>	<p>Max use for GIR segment (99) for each CPS. More information in document GA DESADV D96A</p>
<p>LIN+++XXXXXX?:IN++0</p> <p>Masking not supported for this character: '*'</p>	<p>'*' character is not admitted. 'Tag': <u>7140</u> and 'Field name': <u>Item Number</u>. More information in document GA DESADV D96A</p>
<p>LIN+1++GA part number:IN++0</p> <p>_7140 ("Item number") was expected at least once but did not appear</p>	<p>Inform the item number. 'Tag': 'Tag': <u>7140</u> and 'Field name': <u>Item Number</u></p> <p>More information in document GA DESADV D96A</p>
<p>LIN+++0+Part Number:IN</p> <p>_7143 ("Item number type, coded") was expected at least once but did not appear</p>	<p>Inform the item number. 'Tag': 'Tag': <u>7143</u> and 'Field name': <u>Item Number Type</u></p> <p>More information in document GA DESADV D96A</p>
<p>LIN+</p> <p>C212 ("ITEM NUMBER IDENTIFICATION") was expected at least once but did not appear</p>	<p>Mandatory value. 'Tag': <u>C212</u> and 'Field name': <u>Item Number Identification</u>. More information in document GA DESADV D96A</p>
